A Legacy of Adventure

For over 30 years, Ultimate Campers has led the way in Australian off-road innovation. Born from a passion for adventure and built on engineering excellence, we believe perfection takes time—and the pursuit never ends. Since 1994, we've helped thousands of explorers experience the outdoors with confidence, comfort, and style

These pioneers aren't just our customers—they're our community, our family and their stories continue to shape the Ultimate adventure.

Built for the Toughest Terrain

Our camper trailers are purpose-built to handle the most rugged landscapes in Australia. Lightweight yet incredibly strong, they deliver unmatched durability, luxury, and off-road performance—ensuring you get the most out of every adventure.

Proudly Australian Made

Every Ultimate Camper is designed and manufactured in Australia, by adventurers, for adventurers. Our range—including the XSCAPE, NEXUS, XTERRAN, X30, GT, XPLOD, and XTRK—is crafted to thrive in our unique terrain with high clearance, agile towing, and superior fuel efficiency.

WHY ULTIMATE?

Luxury That Goes the Distance

Who says you have to rough it? Ultimate Campers are equipped with premium finishes, spacious layouts, and clever creature comforts—designed to bring a five-star feel to even the most remote locations. Because freedom should always feel this good.

Smart Design Meets Tough Engineering

We follow the KISS principle—Keep It Simple, Stupid—then elevate it with world-class tech. Our campers are built using marine-grade composite materials and high-tensile steel Y-frame chassis, ensuring long life, low maintenance, and standout off-road capability.

Durability You Can Count On

Every element is built to withstand Australia's harshest conditions—from the tough resin/fibre body to long-travel suspension and premium off-road shocks. Stainless steel hardware, advanced seals, and low tare weights add strength, resilience, and peace of mind on every trip.

Functionality, Front and Centre

Our signature aerodynamic shape reduces drag and stone damage, while intelligent storage and off-grid systems make remote travel easy. Dustproof, waterproof, and efficient—every detail is made to enhance your journey.

Service That Goes the Extra Mile

At Ultimate, we're as passionate about people as we are about campers. From first inquiry to well after delivery, our team is with you every step of the way. Ask any Ultimate owner—our community is built on word-of-mouth, and that speaks volumes.

Design Your Own Adventure

Through our personalised design consultation process, you'll work directly with our engineering team to tailor your camper to your lifestyle. From layout to upgrades, it's your vision, brought to life.

Innovation at Every Turn – Welcome to ULTLAB

Our dedicated R&D hub, ULTLAB, drives ongoing innovation across the range. Focused on real-world adventure needs, ULTLAB is where cutting-edge design meets customer-driven creativity. Our mantra: Being an adventurer doesn't mean sacrificing creature comforts.

Australia's Most Awarded Off-Road Camper

Winner of Camper Trailer Australia's 'Camper Trailer of the Year' in 2021, 2023, and 2024, Ultimate Campers continues to lead the way. With constant refinements and advancements across our camper trailer range —we're not just part of the future of off-road camping. We're defining it.

Wherever your car can go, an Ultimate Camper trailer follows.

WEATHER PROTECTION

Connect with Nature in Complete Comfort 360°, 180° & 90° Awning Systems

Experience the great outdoors—without leaving comfort behind. Ultimate Campers' innovative 360°, 180° and 90° awning systems are designed to enhance your living space, protect you from the elements, and create a seamless flow between indoor comfort and outdoor living.

Whether you're after expansive shelter or a quick and easy shade solution, our awning systems have you covered (Literally):

360° Awning: With its sleek octagonal canopy, the full wrap-around system offers unmatched coverage, superior airflow, and up to 50% larger windows—bringing the outdoors in while keeping the weather out. Comes standard on GT, X30, XTERRAN, NEXUS and XSCAPE

180° Awning: The streamlined front and rear awnings offer elevated headroom, fast setup, and uninterrupted access to both ends of your camper—perfect for versatile outdoor living. Comes standard on XPLORE.

90° Awning: Designed for simplicity and speed, this quick-deploy system featured just the rear awning, offering immediate shade and shelter right where you need it. Comes standard on XTRK.

All systems feature ultra-strong, flexible, and lightweight poles that lock into place with ease, making setup and pack-down a breeze—even when travelling solo. Crafted from super-premium canvas with a high-tech silver protective coating, these awnings offer exceptional mildew resistance and thermal regulation. Adapted from mineral mica, this advanced coating reflects heat and helps reduce internal temperatures—perfect for the Aussie sun. The durable, lightweight canvas base also naturally tightens when wet, helping to prevent sagging and pooling during heavy rain.

Whether you're setting up for a few days or just pulling over for a cuppa, Ultimate Campers' awning systems ensure you're always ready to relax, recharge, and reconnect with nature—in total comfort.
